

NEW CENTER OF COMPETENCE.

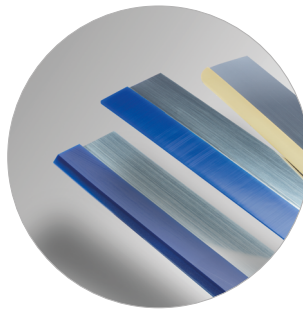

MDC SCRAPER BLADES, MDC RUBBER TIP BLADES AND MDC WASH-UP BLADES FROM DAETWYLER IBO TEC.

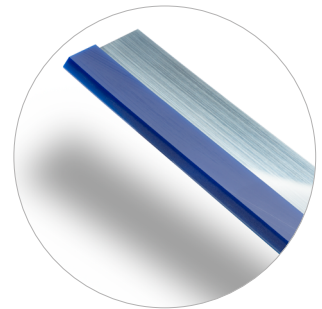

Daetwyler IBO Tec GmbH near Luebeck, Germany has been the center of excellence for research for MDC products for many years. In recent years, the company has turned its focus on the paper industry and the development of its products. The concentrated competence in Germany has continued to evolve over the years, and we are happy that as of June 1, 2019, Daetwyler IBO Tec GmbH will produce and distribute the product portfolio for the following:

MDC SCRAPER BLADES

MDC RUBBER TIP BLADES

MDC WASH-UP BLADES

Production at Daetwyler IBO Tec GmbH in Germany not only offers the advantage of a comprehensive first-hand consultation, but also ensures that the entire order process is optimized: orders are placed where orders are produced.

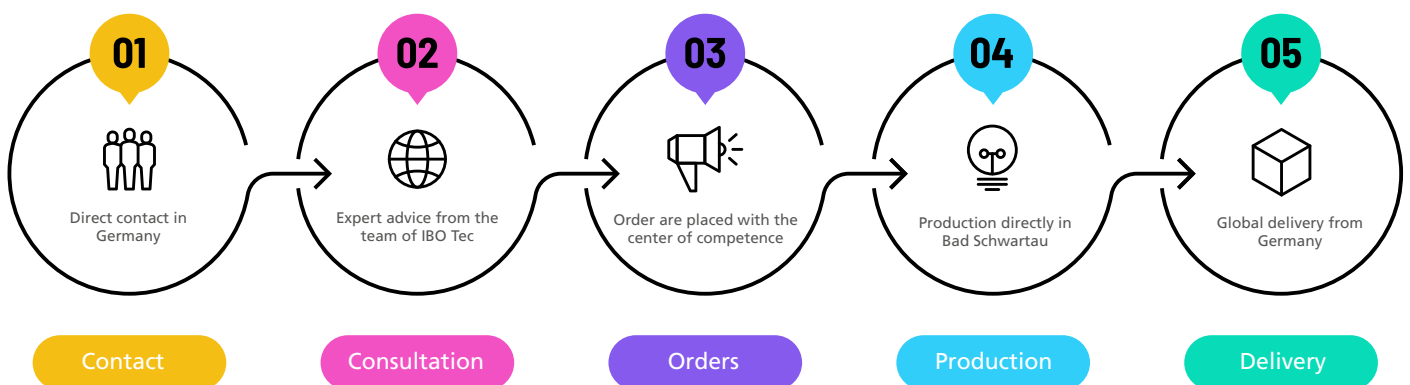

The team in Bad Schwartau, with its incredible know-how and impressive experience in the branch, can apply its extensive competencies during the consultation and development phases. These knowledgeable experts will help you with any questions around the printing process, and they will provide you with a suitable solution for any technical challenge.

«For years, we have been researching the products of the paper industry, and we consult our customers in close cooperation with Daetwyler SwissTec on MDC wash-up blades and others. The take-over of the entire process was a logical consequence, and we are very pleased to tackle this new challenge.»

Mario Freygang
CEO, Daetwyler IBO Tec GmbH

The contact happens directly and immediately via the center of competence in Germany, where our team at Daetwyler IBO Tec GmbH is at your disposal. Additionally, product information, contact data, as well as the complete product portfolio are available on our new website ibotec.daetwyler.com. Orders can be placed directly with ibotec@daetwyler.com. Production of the MDC SCRAPER BLADES, MDC RUBBER TIP BLADES, and MDC WASH-UP BLADES happens on-site in Bad Schwartau. The use of identical materials and the adoption of the processes as well as quality control guarantee the highest quality of our products. Global delivery is also done from this production location. Our team at Daetwyler IBO Tec GmbH is looking forward to connecting with you.
